Safety clip for hydraulic seat
Installation of Avery attached tools to the power lift
Correction to S151
Deflation of tires at dealership
Installation of LP Gas conversion bundle
Torque wrench reading
Proper position of wire holding lug
Hydraulic Hose installation
Steering support brackets
Installation of HKR Hydraulic system
Installation of Live PTO
EB mounting rubber tires on Avery plows
New Oil filler & Breather pipe
Spring trip foot
Lubricating pilot bearings
Balance Springs for grain drills with lift
Servicing double disc openers
Breakage of starting motor housing
Adjusting double disc brakes
Modifying to cultivate 34" Rows
Extension handle for grain dial hand
Rotary hoe attachment
Servicing release valves on solid mounted Avery units
Lubrication of bearing on double disc openers
Installation of tool box on LP gas tractors
Installation of Pneumatic tire assembly
TF-15 fertilizer attachment
Lowering Hydraulic Seat
Flywheel marking for timing
Release Type valve rotators
Auger Support Bearings
Field Changes on harvesters w/flax rollers
Field Changes on LA Uni Harvester
Attaching RX plow to BF tractor
Engine bearing sizes, crankshaft polish
Attaching MA Mower to Tractor
Valve Rotators
Installation of canvas Guide
Revised Scourkleen Screen
Ross Cam & Lever Steering Gear
Support Stand for grain drills
IND Pilot bearing lubrication

Straw spreader attachment
Adapting HKG Hydraulic Lift for pull behind implements
Live PTO available
PTO drive slip clutch
Nylon lockout valves
Adapting tools to UBU PW planter and AQA Attachor
Modification of Oil Pump on V206-4 Engine
Relocating the picker beater
QO-1 hitchor, installation on BE
New style frame & gauge wheel
Speed up bundle
Converting Combination from cotton to edge drop
Installation of new style pick-up
Straw spreader
Transmission Changes
Three Point Hitch A Frame
New variable sheave arm shims
New hand lift & register adjusting washers
Wing Covers & Covering bar for installing disc/spoon covering
Removing tape from distributor breather holes
Pre planting season checking & Adjustment Valves & bevel gears
Relocating grease fittings for clutch throw-out bearings (some)
Hydraulic Conversion
Correcting canvas tearing
Field installation of wire clipping eliminator
Hitching mower to other tractors not listed in S162
Removing binding & Chattering from controls
Installation of outboard bearings on U with PTO
Hydraulic Depth control valve available
Fertilizer attachment support
Lifting roll lock
Platform extension braces
Install/operate Flat & V Belt
Cylinder Speeds
Lubrication of gear boxes
Chain Drive conversion
Limit chain for QO-2 Hitchor
Installation of elevator deflectors
Lock collars for self aligning bearings
Belts Sheave & Pulleys aligned
Uni-husker Lock brace, omitted for S161
Installation of power steering bundle
Installation operation of auxiliary priming attachment

Assembly of implement hoist
Front end weights
Lifting spring tension adjustment
Safety relief valves for LP gas tanks
Vertical shear bar adjustment
Specifications
Specifications
Oil pump drive gear end clearance
Lift assembly
Rock trap concave
Power steering conversion bundle
Service procedure for Thomas Vari-Drives
Mounting RJU husker on UT tractor
Straw rack fishbacks
Lighting equipment
Cylinder speed charts
Adjustment & Operation instructions
Manifold Heater
UNI side delivery spout attachment
PTO drive procedure of assembling
Deflector over pickup attachment
Dust seals and dust cap
Front weights
Transmission case breather
Foot clutch & transmission drive belt adjustments
Grain deflectors attachments
Incorrect piston rings illustration in S181 Corrected View
Drive pulley washer
Instructions for making assembly jack for replacing husking roll
Cleaning fan deflectors
Eliminating interference between conveyor canvas & grain wheel
Field conversion Unit-Husker to Uni Picker/Sheller
Splined stub shaft
Changeover for hydraulic pump
Anti-toggling stops for Type "E" tractor
CBR series Bendix Scintilla Magneto timing
Wiring Diagram
Installing Uni-Matic hydraulic Lift on ZB
New type slip clutch for PTO driven harvesters
Lubricating the pierce governor
Selection & maintenance
New drives

Converting Bale-O-Matic to one stroke tie
Governor improvement packages
Governor improvement packages
Governor improvement packages
Lifting roll lock rod
Perfect circle 2 in 1 chrome ring sets, 1955 publication
L replacement engine for Model L Uni Tractor
Hydraulic pump shear pin coupling
Install instructions for snapping roll bearing alignment shims
Engine driven hydraulic lift
Direct cut hay head available for installation
Attaching RJ Mounted husker to UB Special
Sacking attachment available for installation
Vertical disc angle adjusting wedge blocks for tractor disc plow
Correction to S205, rear wheel spacing
Install marker attachment for C1200/1400 cultivator
Scourkleen for Uni Pick/Shell w/belt driven elevator
Install Webster pumps
Shear pin coupling on Eaton Pump
Modifying QM QMH Uni carrier for X1000 Shanks
Shear pin coupler for Eaton Pump
Mounting Scourkleen on harvesters w/spot welded grain tanks
Operating instructions for APE fuel injection pumps on diesels
Inflation from factory chart w/recommendations
Friction disc slip clutch inspection
Gathering chain guide for mounted RJ Husker
Attaching RJ Husker to 445 tractor
Bearing Replacement
Installing the header trough braces for 1956 Uni Harvesters
Ampli Torc adjustment opening, early models
Spring tooth cylinder & concave available for installation
Depth Control Valve Installation
Adjusting Ampli Torc & PTO Clutches
Installing PTO & Belt Pulley
Installing 15 GPM Hydraulic pump
Conversion bundles for SH one row
Attaching MO Mower
Attaching to 335 445 tractor
Adjusting M series plows for demonstrations
Repositioning Headlights
Header extension of LA Uni harvester with 3" spaced guards
Removing slugs or foreign objects from balers

Mounting Webster Pumps on tractor
Blower-fan assembly for installation on Uni Picker sheller
Operating, adjusting & servicing Tel-O-Flo Lifts
Depth Limit Control Rods to install on tractors w/3 pt hitch
4 bottom plow added to the M 3000 series
Combination Drop Corn Hopper
3 Pt Hitch assist spring assembly available
Front end weights
Dry Charged batteries
4 bottom added to M 3000 Series Specs
Mounting Cultivators & Planters
Mounting & Dismounting
